Updating how Meta personalises experiences

Hi char.liecharlie77,

On 16 December 2025, we're making changes to our **Privacy Policy**. Here are some details.

Personalising your experiences

We'll start using your interactions with AIs to personalise your experiences and ads.

What this means

Personalising your experiences includes suggesting content such as posts that you may find interesting and reels to watch. It also includes showing ads that are more relevant to you.

Annual notice

There are no changes to Meta's **Terms of Service** and Instagram's **Terms of Use**, which explain the legal and acceptable use of our services.

Thanks,
Meta Privacy
